Liberty Park Branch Now Open

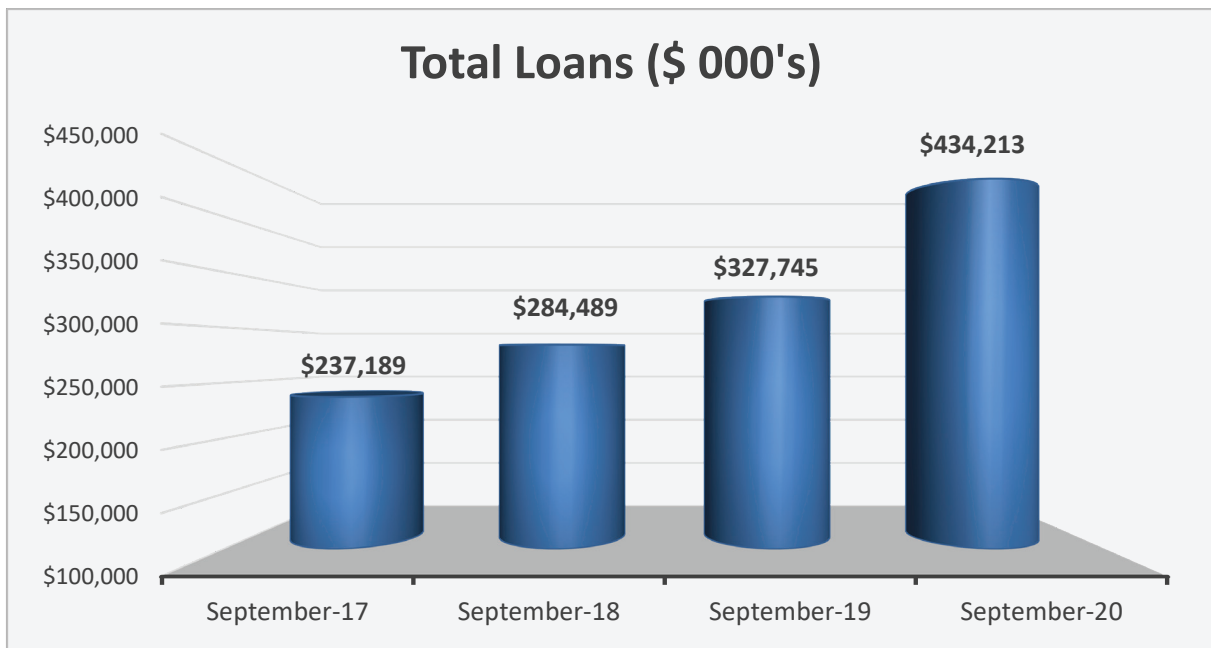

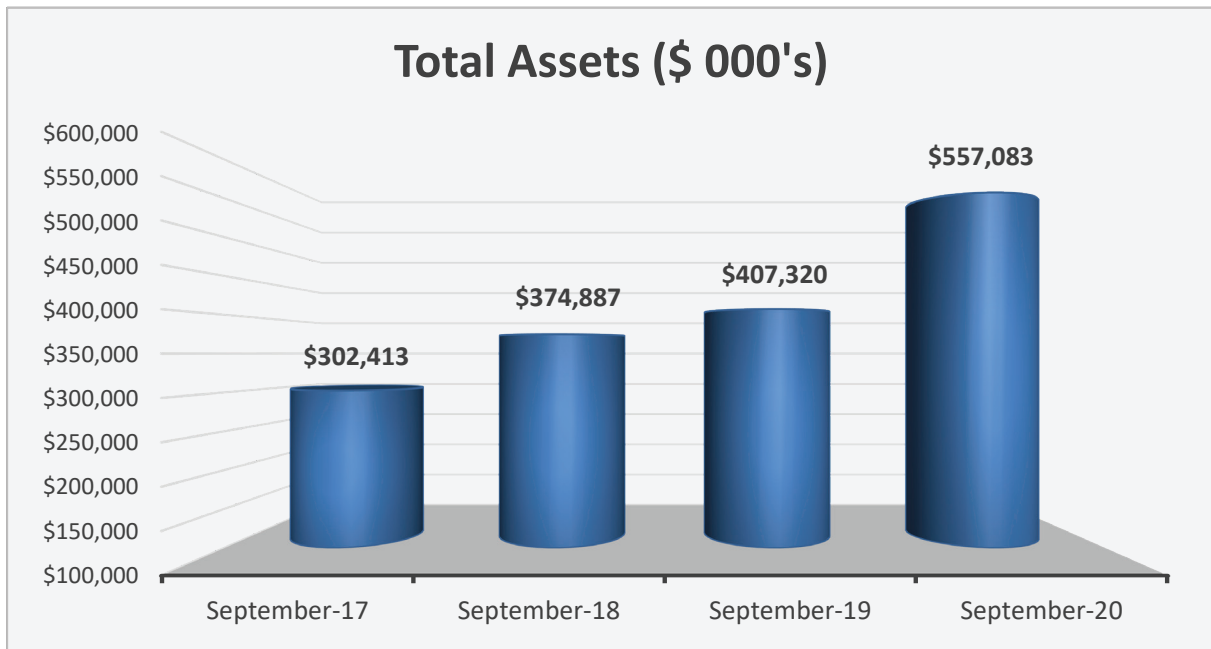

**SouthPoint Bank is Liberty Park born and raised.
Now with a location here too.**

Fifteen years ago, SouthPoint was born in a Liberty Park living room with a group of residents. Many of our children grew up in Liberty Park schools, and a number of our team and board members still live here today.

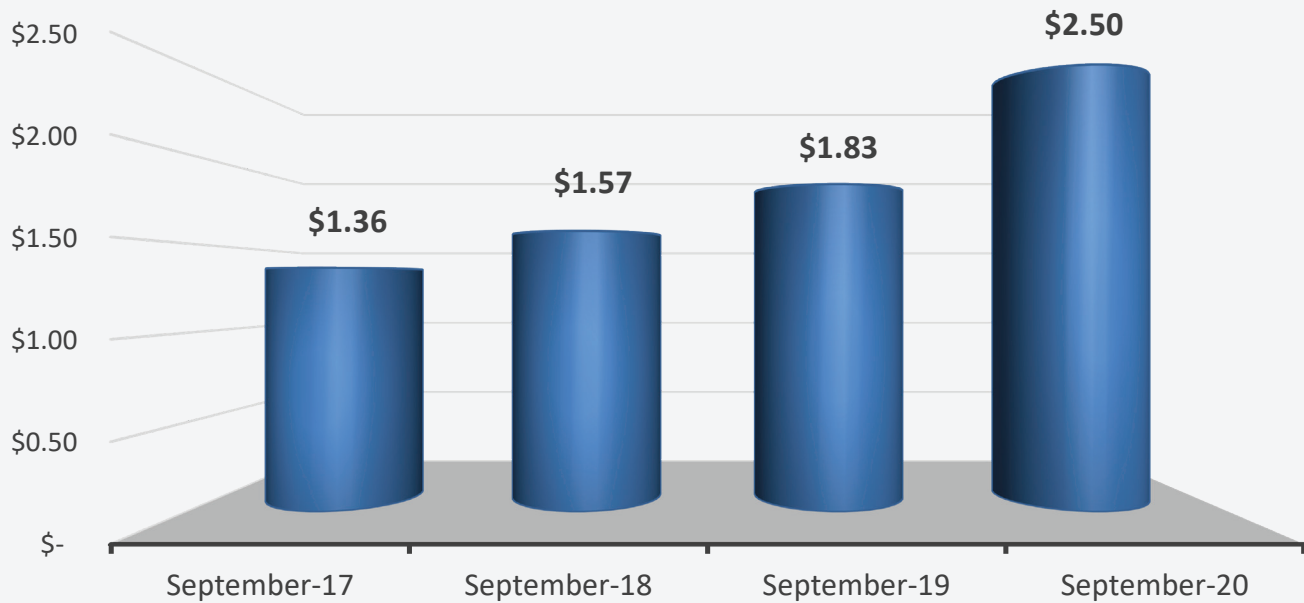

We have worked hard to create a Liberty Park branch that will continue to improve your existing relationship. We are proud of the team we've hired and the fresh remodel of the space. We invite you to visit and meet the team, including branch manager Jessie Pate, previously from our Grandview branch.

For any neighbors and friends that are looking for a new banking relationship, we would love the opportunity to earn their business.
